

# INVITATION

## The 7<sup>th</sup> International Conference on Biorefinery (ICB2019)

We are pleased to announce the upcoming ICB2019 conference to be held on 18-21 August, 2019 in Johannesburg, South Africa. A biorefinery transforms biomass and green wastes to valuable products including heat, power, liquid and gaseous fuels, and chemicals, which at the same time will move forward our current economy to a more advanced, more sustainable green economy. This conference again offers a platform for scientific and technical interactions, fostering inspiring ideas as well as enhancing connections among international researchers, investors, and decision makers. Selected papers will be published in special issues of peer-reviewed international journals.

### Preliminary Programme & Themes

18 August	Registration	
19 August	Opening and plenary presentations	
	Bioenergy	Synthetic Biology and Platform Technologies
	Welcoming reception	
20 August	Pre-treatment Technologies	Bio-Based Materials and Chemical
	Conversion Technologies	Biotechnology Integrated Systems
	Closing ceremony	
21 August	Technical Tour	

### Registration Fee

	Early bird Fee (before May 15, 2019)	Regular Fee
Academic	500 USD	550 USD
Students	300 USD	350 USD

### Venue

Birchwood Hotel, Johannesburg

### Key Dates

Deadline for submission: April 15, 2019

Notification of acceptance: May 1, 2019

Early-bird registration deadline: May 15, 2019

### Website

<http://icb2019.csp.science.cn>

- Please visit <http://icb2019.csp.science.cn> to register and submit abstracts. Abstract template is available on the submission page.
- Please reserve your hotel as your earliest convenience as it's high season for exhibition events. The organizing committee recommend the Birchwood hotel, and you may reserve via the conference website.

*We look forward to welcoming you at ICB2019.*

Professor Dr. Mike Heydenrych, University of Pretoria, South Africa

Professor Dr. Tianwei Tan, Beijing University of Chemical Technology, China
