everyday like toilet paper,

tissues, more newspaper

and cardboard boxes.

PAPER

In South Africa, paper is made from the wood of sustainably grown trees on special farms called plantations. When the trees are harvested, new baby trees - saplings are planted in their place.

These paper products are recyclable.

Cereal

- Cardboard boxes of any kind - dry food, cosmetic and medicine boxes; roll cores, packing cartons (flattened)
- Paper grocery and take-away food bags of various sizes
- Food and beverage cartons & paper cups
- Newspapers, magazines and brochures, including glossy varieties
 - Office and shredded paper, envelopes
 - Old telephone directories
 - Paper giftwrap (sticky tape removed)
 - Hardcover and paperback books

RECYCLING

- X Used paper plates, disposable nappies, tissues and toilet paper
- Wax-coated, foil-lined or laminated boxes
- X Foil gift wrapping, carbon and laminated paper
